

COMMERCIAL & FLEET VEHICLE EMERGENCY FUSE KIT

Littelfuse® offers a complete Commercial & Fleet Vehicle Emergency Fuse Kit providing compliance and protection on the road. This convenient kit contains the proper amperage fuses for all vehicle types along with blade fuse pullers. For more information on these regulations, visit:

The image shows a clear plastic storage box for Littelfuse fuses. The lid is open, revealing a printed parts list. The box is divided into several compartments, each containing different types of fuse components. The components include various sizes of fuses (e.g., 10A, 15A, 20A, 25A, 30A, 40A, 100A, 150A, 175A, 200A), fuse pullers, and fuse holders. The components are color-coded and labeled with their respective ratings and types.
