

To: All Littelfuse, Inc. Customer

Date: June 1, 2000

From: Steve F. Ulm
Global Product Manager
Polymer Products

Subject: 2029 Obsolescence

Everyone,

Due to customer conversions to the 1812 product line, effective December 31, 2000, the 2029 product line will be shut down. As of today's date, we have 3 active parts numbers the 2029S100, 2029L125 and 2029L260. All three of these parts will no longer be manufactured after December 31 2000.

Last time buys will be accepted up until September 30, 2000. All orders must be scheduled for delivery prior to January 31, 2001. No orders will be accepted with dates of delivery after January 31, 2001.

If you have any questions or comments, please contact your Littelfuse Sales Manager or myself.

Regards,

A handwritten signature in black ink that reads "Steve F. Ulm".
