

# XPT IGBT

Single IGBT

Part number

**IXA55I1200HJ**

|               |   |             |
|---------------|---|-------------|
|               |   | preliminary |
| $V_{CES}$     | = | 1200 V      |
| $I_{C25}$     | = | 84 A        |
| $V_{CE(sat)}$ | = | 1.8 V       |

Backside: isolated

## Features / Advantages:

- Easy paralleling due to the positive temperature coefficient of the on-state voltage
- Rugged XPT design (Xtreme light Punch Through) results in:
  - short circuit rated for 10  $\mu$ sec.
  - very low gate charge
  - low EMI
  - square RBSOA @ 3x  $I_C$
- Thin wafer technology combined with the XPT design results in a competitive low  $V_{CE(sat)}$

## Applications:

- AC motor drives
- Solar inverter
- Medical equipment
- Uninterruptible power supply
- Air-conditioning systems
- Welding equipment
- Switched-mode and resonant-mode power supplies
- Inductive heating, cookers
- Pumps, Fans

## Package: ISOPLUS247

- Isolation Voltage: 3600 V~
- Industry standard outline
- RoHS compliant
- Epoxy meets UL 94V-0
- Soldering pins for PCB mounting
- Backside: DCB ceramic
- Reduced weight
- Advanced power cycling

| IGBT                 |                                      |                                                                                                                   |      | Ratings |      |      |  |
