SEALED IN-LINE ATO® & MINI® FUSE HOLDERS

SEALED TO IP67, FOR RUGGED ENVIRONMENTS

Sealed In-line ATO and MINI fuse holders are designed to allow easy installation of fusing into potentially wet or dirty environments outside of the cab. Use with ATO fuses 1-30A or MINI fuses 2-30A. Comes with twin 8" red GXL wire leads for easy in-line installation.

Sealed In-line ATO & MINI Fuse Holders Features and Benefits

- Tinned Copper wire provides increased corrosion resistance without losing desired performance
- Rated IP67 with sealed cover for moisture & dust resistance
- Includes two 8" Red GXL wire leads for easy in-line installation

Recommended Fuse

MINI® Series Blade Fuses
Fuses sold separately

ATO® Series Blade Fuses
Fuses sold separately
